LONG REINING CLASS

All competitors to enter the ring and circle clockwise, changing rein and direction across the diagonal of the ring as directed by the Judge.

Once the Judge is satisfied he/she will call competitors into a provisional line up.

Each competitor will come forward when indicated by the Judge for individual inspection and their individual show.

The Judge will check safety and fit and fitting of harness.

The individual show will consist of:

- a 10 metre circle to the right at a trot
- a 10 metre circle to the left at a walk
(during these movements the handler should follow the donkey's path)
- a slalom of 5 half circles (4 meter radius) alternate right and left
(cones may be used; during this movement the donkey will travel in curves and the handler will travel a straight course)
- a halt for 10 seconds followed by a 4 pace rein back and a 4 pace walk forward
- competitor will then salute the Judge and return to the line up from behind.

The Judge will look for steady course, impulsion and crisp transitions.

After each competitor has completed his/her individual show, at the Judge's indication all competitors should circle the ring in a clockwise direction to be called in for the final placing.

Each donkey will wear a bit and bridle (open or blinkered), a driving pad or saddle, and long reins.

Each competitor will carry a whip but over-use will be penalised.
